

## FUSION | art + technology

*All day, all ages event*

Sunday, October 23, Noon–4:00 pm

### Northern Illinois University STEM Lab

NIU Stem Exploration Labs will be bringing many fabulous exhibits that will spark your curiosity and explain the wonders of science, technology, engineering, and math!

### International Drone Racing Association — Chicago

IDRA Chicago Drone Racing will be on the front lawn for a demonstration and fun fly. Watch them in action then have your questions answered by member pilots.

### Babycakes Gourmet Pancakes

Babycakes elevates the humble pancake by adding a dash of decadence and a splash of showmanship. Enjoy inspired recipes such as Coffee and Donuts or Dark Chocolate Pinot Noir.

Noon–1:30 pm

### Springboard Performance

Listen as Chicago-based audio artist and Executive Director of the World Listening Project, Eric Leonardson, performs on a self-built instrument called the Springboard, then try your hand at creating sound.

1:00 pm–2:00 pm

### Paint with Light

Ashley Vimont, a Chicago area photographer and founder of Rising Sun Photography, will demonstrate how to Paint with Light. Bring your SLR camera and get ready to create amazing art.

2:00 pm–3:00 pm
